Picture Day:

At JD School Pictures we believe that picture day should be organized and hassle-free for teachers, administrators and students. We provide take-home flyers, posters and reminders, so that parents and students have plenty of notice.

Pre-printed camera cards are used to provide accurate records of students being photographed, so that we can match student photos with the data you provide.

On Picture day, we arrive at the school to set up early and are ready well before the first students are to be photographed.

JD School Pictures' personable, efficient staff will keep picture day running smooth, and return the work area to the way it was when we arrived.

Choices, Choices, Choices:

JDSP
JD School Pictures

Parents can choose from plenty of backgrounds and packages. We even have "Build your own package" available because we know that packages don't meet everyone's needs.

Pictures are delivered, sorted to the schools specifications in a picture envelope with a clear plastic window. On the back of the envelope is a sticker showing the student photo along with teacher, grade and even package information.

Every student receives a picture envelope with a reorder form and an option to buy additional prints and full packages at just a slightly higher price than on picture day. Great for those extended families who didn't get to order originally.

Retouching:

A popular option, our retouching is true removal of blemishes, scars and scratches. Not just softening of the image.

Spring Pictures

JD School Pictures spring portrait packages are sure to please parents. with informal backgrounds and poses, kids look and feel more natural.

Each year we have new backgrounds and products for spring pictures. Our funpacks include a keychain, a magnet and bagtags. Our Memory Mate, Calendars, and Scrapbook pages are also available.

Great Fundraising opportunity for your school!!

Internet Ordering:

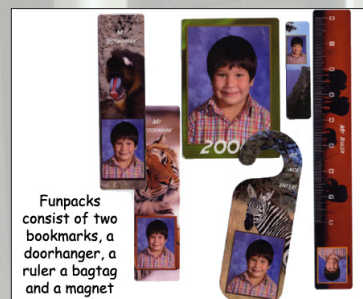

JDSP
JD School Pictures

All students will receive a package with internet reorder information. Our website is a secure ordering system. Parents may view only their child's picture with the secure log-in number for that child. We don't upload any names, personal information, or school information to the internet.

This is a really popular option for parents. They can view the student's photo, order packages, individual prints, replacement I.D. cards, child safety cards and lots of extra specialty items, including "Reflections", funpacks and scrapbook pages.

Yearbooks

JDSP
JD School Pictures

Create your own custom cover or use one of our stock covers. The price is the same either way!

Our professional photographers will come out and shoot candids to capture your children and faculty working and playing together. We will customize a "Yearbook Kit" for your school. Then you will have a chance to layout your yearbook with our computer software program. With the endless supply of candids and clipart the experience will be a delight, not a challenge.

The possibilities are endless!
